**Sub:- Empanelment of Hospitals to enhance the reach out to BSNL staff-reg**

During the Circle Council meeting held on 18.07.2017, under the Chairmanship of CGMT Punjab Circle, Chandigarh, the Staff side members expressed that the empanelled hospitals in Punjab Circle are very less and due to this, the staff is facing difficulties in taking indoor treatment.

The issue has been reviewed by CGMT. In fact as on date, there are 35 hospitals already empanelled with BSNL Punjab. CGMT desires that SSA wise target may be fixed to have sufficient number of hospitals in each SSA. Hence, based on the availability of multi specialty hospitals, SSA wise targets are fixed for new empanelment. All the SSAs head are requested to bestow their personal attention so that sufficient numbers of empanelled hospitals are available for the treatment of staff in each SSA. Any help/suggestions from unions/associations can also be called if required. AGMs (Admn) of the SSAs may be instructed to visit the prospective hospitals personally.
